Spring Street

Requesting Agency: City of West Columbia

CDBG Request: \$207,400

CDBG Recommendation: \$207,400

Additional Funds Pledged Toward Project: \$0

Project Description:

The City of West Columbia is requesting CDBG funding to replace and upgrade 2,000 linear feet of deteriorating 2 and 4 inch water lines with 6 inch water lines on Spring Street and install 3 fire hydrants. The current galvanized lines cause rust to get into the service lines posing potential health hazards to residents. The hydrants will not only be used for Spring Street but will also assist with fire protection for surrounding side streets.

Septic Tank Repair and Replacement Program

Requesting Agency: *Lexington County Public Works Department
Stormwater Management Division*

CDBG Request: \$103,000

CDBG Recommendation: \$103,000

Additional Funds Pledged Toward Project: \$0

Project Description:

The Lexington County Stormwater Division is requesting CDBG funds to provide funding to repair or replace the failing septic system of low and moderate income (LMI) households to reduce the fecal pollutants entering the Hollow Creek Watershed area. Failed septic systems cause fecal coliform bacteria to be released into the watershed which in turn pollutes local waterways making them unsafe for residents. The project proposes to benefit 50 LMI households.
