

COUNTY OF LEXINGTON

APPLICATION 2024-2025 PROGRAM YEAR

APPLICATION INSTRUCTIONS

The County of Lexington solicits applications from organizations requesting funds to carry out Consolidated Plan projects. The attached application is required if your organization is requesting funding from the Emergency Solutions Grant Program for the period July 1, 2024 through June 30, 2025.

Only one copy of the application is required. This copy should be on 8 ½ x 11" white paper and clipped in the upper left hand corner. *Do not staple pages or include paper clips*. An **ORIGINAL** signature is required. The completed application and all supporting material should be sent to:

County of Lexington 201 S. Lake Drive, Suite 401 Lexington, South Carolina, 29072

Available Funding

Funding from the Emergency Solutions Grants Program is very limited. Federal funding for Year 2023-2024 is in the amount of \$163,662.

The purpose of the Emergency Solutions Grant Program is for the rehabilitation or conversion of buildings for use as emergency shelter for the homeless, for the payment of certain expenses related to operating emergency shelters, for essential services related to emergency shelters and street outreach for the homeless, and for homelessness prevention and rapid re-housing assistance.

Review Process

Applications will be reviewed by Lexington County Grants. Staff may have additional questions and may want to interview a representative of your organization before making a recommendation on funding.

Applicants are advised that funds cannot be committed until after the HUD has approved the Annual Action Plan and The County of Lexington has received the Release of Funds from HUD.

Evaluation Criteria

The following is the basis that will be used for the 2024-25 Plan Year for recommending applications for funding under the Emergency Shelter Grants Program.

Applicant capacity

The application must demonstrate that the agency staff has adequate credentials and experience to carry out the proposed project. This means that the organization carrying out the project, its employees, or its partners, must have the necessary experience and qualifications to carry out the specific activities proposed.

Factors to be considered will include: prior agency experience and results in the type of work being proposed; suitable agency fiscal capacity and organizational infrastructure to implement the project; and employee experience and credentials in the area to be implemented.

Project quality

The proposed services/project must be appropriate to the needs of the persons to be served. The application must demonstrate a clear understanding of the needs of the clients, the services to be offered (if any), and the effectiveness of the services in meeting those client needs.

In addition, a project may be considered to be of good quality if:

- 1. The type and scale of housing, shelter and/or services proposed clearly fit the needs of the proposed participants.
- 2. The project is cost-effective and all costs are reasonable, and do not deviate substantially from the norm in Lexington.
- 3. The application shows evidence of collaboration with other existing programs and services; letters evidencing collaboration may be attached.
- 4. If applicable, the building proposed for use meets local codes, health, or safety standards.

Need for Project

It must describe the need for the specific project vis-à-vis existing services or resources. The project may be judged to adequately describe the need if it addresses the following points:

- 1. The need for the project is documented by use of waiting lists, references to similar programs, etc.
- 2. The project is consistent with the priorities described in The County of Lexington's fiveyear Consolidated Plan;
- 3. The project does not unnecessarily duplicate existing programs and services for the same clients.

Operational Feasibility

The application must include:

- 1. Clear and complete plans for implementing and completing the project;
- 2. Adequate committed funding to implement the project. Include letters of commitment.
- 3. An adequate strategy for securing additional support and commitment;
- 4. Adequate number of qualified staff to carry out the proposed project;
- 5. Indicators that demonstrate that the project is ready to be implemented;

You may direct questions about the application to Sara Byrd, Grants Administrator, at (803)785-8523 or sbyrd@lex-co.com.
