

COVID-19

WHEN TO CALL 911

Hospitals are currently overwhelmed due to the surge of critical COVID-19 cases. Get vaccinated to reduce your risk of severe illness and needing emergency care.

DO NOT CALL 911 OR GO TO THE EMERGENCY ROOM IF YOU:

Want information about COVID-19

Need a non-emergency doctor's visit

Want to get tested

Have mild symptoms*

**Call your primary healthcare provider if you have mild symptoms, such as fever, cough, or shortness of breath.*

CALL 911 OR GO TO THE EMERGENCY ROOM IF YOU:

Have difficulty breathing/choking

Have an allergic reaction

Have symptoms of heart attack/stroke

Have unexpected extreme confusion or disorientation

Have difficulty speaking, walking or seeing

Have unexpected sharp or severe pain
